OVERVIEW

These guidelines describe the requirements for loans delivered to Lakeview Loan Servicing, LLC that are secured by properties located in a Declared Disaster Area as federally defined by FEMA or an investor or as determined by Lakeview Loan Servicing, LLC. This document outlines the minimum requirements for loans secured by properties impacted by a disaster in order to assist in ensuring marketability, soundness and value of the structure.

In addition to the requirements outlined in this document, Lakeview Loan Servicing reserves the right to impose restrictions and/or suspend purchases for properties subject to any disasters and adverse events that may impact the collateral.

This section provides guidelines to be followed for properties impacted by a disaster in:

- FEMA Major Disaster Declarations with designated counties eligible for **Individual Assistance (IA)**
- Areas where FEMA has not made a disaster declaration, but Lakeview Loan Servicing or an Investor (Fannie Mae, Freddie Mac, FHA, USDA or the Veterans Administration) has determined that there may be an increased risk of loss due to a disaster
- Areas where the Seller has reason to believe that a property might have been damaged in a disaster

Upon the occurrence of multiple events, such as a hurricane followed by a flood, the requirements of these guidelines apply to the date of the most recent event.

SELLER RESPONSIBILITY FOR PROPERTY CONDITION

Notwithstanding any other requirements set forth herein regarding disasters and similar events, seller represents and warrants that the property securing the mortgage loan is free of damage on the purchase date. In addition, any adverse event must be evaluated in terms of its effect on the subject's habitability, marketability and value.

Sellers are responsible for determining potential impact to a property located in an area where a disaster is occurring or has occurred. Irrespective of whether a declaration or announcement has been made, if a Seller has reason to believe that a property might have been damaged in a disaster the Seller must take appropriate action as outlined below to ensure that the property meets Lakeview Loan Servicing requirements and applicable investor requirements at the time of purchase by Lakeview Loans Servicing.

Additionally, if Lakeview Loan Servicing has a reason to believe that a property might have been damaged in a disaster and has placed a prior-to-purchase condition on the mortgage loan, then the Seller must follow the requirements of the loan condition.

DISASTER ASSESSMENT AND DISASTER NOTIFICATION ANNOUNCEMENTS

Lakeview Loan Servicing will assess the significance of events in geographic areas impacted by disasters. The assessment will utilize data provided by FEMA and other sources regarding impacted areas. As a result of this assessment, Lakeview Loan Servicing may define the affected area differently than the FEMA declaration. Unless communicated otherwise, Lakeview Loan Servicing will utilize FEMA for declaration dates, incidents begin dates and incident end dates. The Lakeview Loan Servicing Credit Policy department, at its discretion and if permitted by investor guidelines may choose to declare disaster incident period begin dates and/or incident period end dates other than those recommended by FEMA if there are mitigating factors. Lakeview Loan Servicing may communicate a list of counties and/or zip codes by which a property's location is determined to be covered by these guidelines as a disaster area.

Sellers are responsible for monitoring the Disaster Declaration File and the FEMA Website including the FEMA Declarations Summary on an ongoing basis to ensure that the property is not located in an area impacted by a disaster. In the event of a declared or undeclared disaster area requiring action, Lakeview Loan Servicing will update the disaster file with the following information:

- Nature and location of disaster
- Disaster incident period (an incident period is defined as the beginning and subsequent ending date to a particular disaster). The incident beginning period is defined by FEMA.
 - Incident period end date may be either:
 - Determined by FEMA and published at FEMA.gov, or
 - Determined by Lakeview Loan Servicing and published in the *Disaster Declaration File*, or
 - Determined by an Investor (Fannie Mae, Freddie Mac, FHA, USDA or the Veterans Administration)
- Impacted counties as determined by FEMA's Major Disaster Declaration of areas eligible for individual assistance and/or Lakeview Loan Servicing and/or an Investor (Fannie Mae, Freddie Mac, FHA, USDA or the Veterans Administration)
- Any related Lakeview Loan Servicing and/or Investor (Fannie Mae, Freddie Mac, FHA, USDA or the Veterans Administration) announcements and special requirements
- Any additional documentation requirements, including
 - Additional appraisal or appraisal product requirements
 - Additional re-inspection requirements
 - Employment re-verification requirements, if any
- Effective date of any requirements

Re-Inspection Requirements

The inspection document provided must address the specific disaster and indicate any apparent damage to subject property. Inspection reports may not be used to estimate or recertify value.

It is the responsibility of the Lakeview compliance auditor to review the re-inspection report to deem acceptability in both form and content.

Loans with Appraisals (Not Yet Purchased)

If a property is in a Declared Disaster Area and the most recent appraisal was completed on or before the incident period end date, or an incident period end date has not yet been declared, then, subject to the applicable product matrix and investor requirements, Lakeview Loan Servicing requires that an acceptable property inspection dated after the declared incident period end date be completed prior-to-purchase confirming the property was not adversely affected by the disaster prior to our purchase of the loan.

Fannie Mae, Freddie Mac, VA, USDA, and FHA loans closed and endorsed prior to the incident beginning date

- A final **exterior** inspection or appraisal with exterior photos update signed and dated by the original appraiser
 - Appraisal Update, form Fannie Mae 1004D, Disaster Inspection, or
 - Completion Report, form Freddie Mac 442, or
- Property Inspection Report with exterior photos –
 - Form Fannie Mae 2075, or
 - DAIR
 - Seller Certifications are permitted and must meet the below listed requirements
- Additional forms and/or certifications may be required as per investor guidelines (i.e., VA Lender Certification, VA Veteran Certification, VA Form 26-0286, Employment/Income Certification)

Seller Certification Requirements

A Seller Certification is permitted when the following requirements are met:

- Must be executed by an employee of the Seller who will **NOT** receive direct compensation from the subject transaction
- Seller may determine their own form however the certification must meet the following requirements:
 - Must state that an acceptable inspection of the property was completed
 - Must indicate either the Seller's or Lakeview's loan number
 - Must be on Seller letterhead or a certification of property condition form
 - Must indicate subject property complete street address, including city, state and zip code
 - Must include the following language or a reasonable facsimile "This is to confirm that the above referenced property has been inspected on XX/XX/XXXX (date of inspection to be included) and I have determined that it was either not damaged in the recent disaster or has been restored to its pre-disaster condition or better."
 - The date of the property inspection referenced above must be after the disaster incident end date as identified in the Disaster Declaration File
 - Printed Name and Signature of Seller's Representative, Title and Date
 - Photos of the property front, back, street in both directions, house number and any visible damage
 - Condos also require pictures of the lobby and front of the building; picture of the lobby through the window is acceptable if lobby is not accessible due to security

If the re-inspection notes that the property is uninhabitable, unsound, or that the property condition has been affected by the disaster, then a new appraisal must be completed, including an interior inspection and interior and exterior photos showing that:

- All identified damages and associated repairs have been resolved and meet applicable investor guidelines (Fannie Mae, Freddie Mac, FHA, VA, and USDA) and,
- The property is habitable, sound, and the property value is supported

FHA loans closed and/or were endorsed after the incident beginning date

Re-inspections for FHA Loans that closed and/or were endorsed on or after the beginning of the incident period cannot occur until after the incident period end date (as defined by FEMA) or fourteen (14) days from the incident period begin date, whichever is earlier. In some instances, Lakeview may extend the incident period ending date, longer than the FHA guidance of fourteen (14) days. This depends on the scale and scope of the incident. Please refer to the [Disaster Declaration File](#) for the incident starting and ending dates for all Lakeview declared disasters.

If the effective date of the appraisal is on or after the date required above for an inspection, a separate damage inspection report is not necessary.

FHA disaster inspections on properties located within a Declared Disaster Area or in areas for which HUD/FHA have issued a notification that an appraisal update or inspection is required due to a disaster must:

- Have a damage inspection report that identifies and quantifies dwelling damage and complies with the following requirements:
 - A final **exterior** inspection or appraisal update signed and dated by the original appraiser and includes exterior photos.
 - Appraisal Update, form Fannie Mae 1004D, Disaster Inspection, or
 - Completion Report, form Freddie Mac 442, or
 - Property Inspection Report with exterior photos –
 - Form Fannie Mae 2075, or
 - DAIR

- Be completed by an FHA Roster Appraiser in good standing with geographic competence in the affected market may be used, even if the inspection shows no damage to the property. If the Mortgagee uses a different appraiser to inspect the Property, the appraiser performing the damage inspection must be provided with a complete copy of the original appraisal.

If the re-inspection notes that the property is uninhabitable, unsound, or that the property condition has been affected by the disaster, then a new appraisal must be completed, including an interior inspection and interior and exterior photos showing that all identified damages and associated repairs have been resolved and meet FHA Handbook 4000.1, II.A.7.c - Inspection and Repair Escrow Requirements for Mortgages Pending Closing or Endorsement in Presidentially-Declared Major Disaster Areas .

Loans without Appraisals Not Yet Purchased: (See table below)

If a property is in a Declared Disaster Area and the date of issuance of the PIWACE is on or before the incident period end date, or an incident period end date has not yet been declared, then, subject to the applicable product matrix and investor requirements, Lakeview Loan Servicing requires that an acceptable property inspection dated after the declared incident period end date be completed prior-to-purchase confirming the property was not adversely affected by the disaster prior to our purchase of the loan.

The inspection document provided must address the specific disaster and indicate any apparent damage to subject property. Inspection reports may not be used to estimate or recertify value.

Loans without Appraisals

Program	Applies to:	Property Inspection Requirements	
		Loans Not Closed	Loans Closed - Not Purchased
Fannie Mae	Loans with a Property Inspection Waiver (PIW) or any other Fannie Mae loan without an appraisal.	<ul style="list-style-type: none"> • An acceptable property inspection with exterior photos dated after the incident end date is required and must indicate that the property has not been impacted by the disaster, or • A Seller Certification meeting Lakeview requirements as outlined above. <p>If the re-inspection indicates no damage, then the PIW may be exercised.</p>	
Freddie Mac	Loans with an automated Collateral Evaluation (ACE) or any other Freddie Mac loans without an appraisal.		
FHA	FHA Streamline	<ul style="list-style-type: none"> • An acceptable property inspection with exterior photos dated after the incident end date is required and must indicate that the property has not been impacted by the disaster, or • A Seller Certification meeting Lakeview requirements as outlined above.
